G R INFRAPROJECTS LIMITED

G R Infraprojects Limited is one of the fastest growing organizations in the Indian infrastructure sector, with nearly three decades legacy. Our primary business operations are broadly segmented into four categories :-

- Engineering Procurement and Construction (EPC) and Project Management services for Roads & Highways, Bridges, Railways, Metros, Power Transmission, Tunneling and Ropeways.
- Development, operations and maintenance of roads and highways on a Build Operate and Transfer (BOT) basis and Hybrid Annuity Model (HAM)
- Manufacturing activities for bitumen processing, thermoplastic road-marking paint, road signage, and electronic equipment.
- Fabrication of galvanized metal crash barriers and OHE Mast.

"Our values, people, and execution capabilities have been the cornerstones of our success. We continue to grow and expand into new segments with nation building and social responsibility at the heart of our ideology."

- VINOD KUMAR AGARWAL
Chairman and Whole - Time Director

VALUE

Care and Commitment –We have an unwavering focus on the well-being of our employees and stakeholders.

Being Responsible –We deliver quality, safety, and trust in all our endeavors.

Connected to Roots –Being humble in our intellect and interactions is a way of our life.

Being agile –We adapt quickly, and we adapt well

VISION

To leave **Indian footprints in global infrastructure industry** backed by world-class performance and operational excellence.

To build its position among **the most admired infrastructure companies** in India.

Become a **best-in-class service provider globally**.

MISSION

Maintain high standards of precision, quality and punctuality.

Preserving nature and enriching life of public at large.

Setting new benchmarks of resource utilization and efficiency.

Focus on being a **socially responsible** organization.

BUSINESSES

HIGHWAYS & BRIDGES

GRIL is one of the leading players in the road construction sector. We have decades of strong project execution experience in EPC, BOT and HAM projects, comprising design and engineering, procurement, construction and development of state and national highways, bridges, culverts, flyovers, airport runways, tunnels, and rail over-bridges. We have executed projects across diverse geographic locations in India with varying complexities, such as construction in high-traffic and high-density areas, construction of tunnels in hilly terrains, etc.

RAILWAYS & METRO

GRIL has emerged as one of the known integrated players in the Railway EPC industry. We offer the entire range of services on a turnkey basis in railway infrastructure projects. Our services include - (i) Development of civil infrastructure, including earthworks, bridges, station buildings and facilities. (ii) New track laying & rehabilitation of existing tracks. (iii) Railway electrification and power systems. (iv) Signaling & Telecommunication. In a short span of time, GRIL has established itself as a preferred contractor for the construction of Metro Projects as well.

TUNNELLING

G R Infraprojects Limited has ventured into the Tunnel business on a self-performing basis. The Company focuses on the construction of tunnels in hydropower, railways, metro rail, roads, and highways. Currently we are executing key tunnelling projects in India. After China, India is the second largest country which has an extensive plan for tunnel infrastructure development. With just 14% underground space utilization for tunnels so far in India, there is plenty of opportunity in this sector for the next three decades.

MULTI-MODAL LOGISTICS PARKS (MMLPs)

GRIL is strategically positioned to become a leading developer in the MMLP sector. We share government's vision of significantly reducing logistics costs from the current 13-14% to a more efficient 8% of GDP. As a socially responsible developer, GRIL is committed to achieving this goal through the development of sustainable MMLPs. We aim to reduce carbon emissions by facilitating green buildings and by promoting the shift of cargo movement from road to rail.

POWER INFRASTRUCTURE

GRIL has made a strategic move to carve out its presence in the Power Transmission & Distribution sector. Our objective is to provide end-to-end solutions ranging from in-house design, engineering, procurement, fabrication, erection, installation, commissioning of power transmission lines, and sub-station, distribution and operations and maintenance per the contractual requirement. Recently we have successfully commissioned our first Power Infra project.

ROPEWAYS

We have ventured into the ropeways sector. The government plans to invest heavily in this sector and we are ready to prove our prowess in this sector. Our vision is to build a position among the most admired Ropeway infrastructure companies in India and to emerge as a world-class Ropeway developer by maintaining highest standards of precision, quality, and punctuality with a focus on being a socially responsible organization by aligning with the global ESG goals.

MANUFACTURING

We have multiple manufacturing facilities across the country for processing of bitumen emulsion, thermoplastic road-marking paint, road signage boards, fabrication and galvanization unit for metal crash barriers, and OHE Mast.

RAILWAYS & METRO

G R Infraprojects Limited has emerged as one of the known integrated players in the Railway EPC industry. We offer the entire range of services on a turnkey basis in railway infrastructure projects.

Some of our remarkable projects include:

DHOLPUR - ANTRI

Situated in the heart of Madhya Pradesh, it is the first Railway project undertaken by G R Infraprojects Limited. It consists of 11 stations, and is 82km long. Key elements comprise building roadbeds, small bridges, S&T, OHE, TSS, and general electrical work.

KARAVADI - KRISHNA CANAL

Situated in Andhra Pradesh, it is the first railway project that G R Infraprojects Limited has worked on, along with Dholpur Antri. It is 125 km long with 17 stations. Important components include the construction of platforms, station buildings, S&T, ballast supply, track supply and installation, OHE provision, and signalling and telecommunication work in Vijayawada.

BANGALORE METRO

In a short span of time, GRIL has established itself as a preferred contractor for the construction of Metro Projects. The Bangalore Metro is one such project, spanning around 7.50 kilometres from Gottigere to Swagath Road Cross. There are 5 stations under Bangalore metro (Gottigere, Hulimavu, IIMB, JP Nagar 4th Phase, Swagath Road Cross)

ADENIGARH TO PURUNAKATAK

It's the first project that entails building a railway tunnel. The project involves Construction of Tunnel Work between Km.153.0 to 180.0 (Adenigarh-Purunakatak) consisting of four tunnels-T4, T5, T6 & T7 (Apx.Length of 7.492Km.) & allied works of Khurda-Bolangir New Rail Line Project in East Coast Railway.

CAPABILITIES

HUMAN CAPITAL

15,000* highly skilled, experienced and committed employees

BACKWARD INTEGRATION

Manufacturing of key components, and its integration in the construction process resulting in high quality with less investment

IN-HOUSE DESIGN

Complete design solution for complex projects

CONSTRUCTION AUTOMATION

Integration of technology at each stage of construction to ensure precision with quality

QUALITY AND SAFETY

ISO 45001, ISO 14001, ISO 9001 and ISO 27001 Certified

FINANCIAL DISCIPLINE

Strict oversight on costs by creating an ownership mind-set and good governance

DIGITAL PROJECT MANAGEMENT

Streamlined process of planning, delegating, tracking, reviewing and measuring results to ensure timely execution, efficiency, quality, and profitability

PLANT & EQUIPMENT

8700* machines and equipment. Fleet that produces best results.

INTEGRATED LOGISTICAL SUPPORT

To enhance effectiveness of goods movement and ensure smooth run for all interdependent activities
